INDEPENDENT AUDITOR'S REPORT

The Board of Directors of
Disability Rights New Mexico
Albuquerque, New Mexico

We have audited the accompanying financial statements of the Disability Rights New Mexico (DRNM) a New Mexico nonprofit corporation, which comprise the statement of financial position as of September 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of DRNM as of September 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters*Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Report on Summarized Comparative Information

We have previously audited DRNM's 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated January 24, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended September 30, 2019 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 29, 2021, on our consideration of DRNM's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Disability Rights New Mexico's internal control over financial reporting and compliance.

DISABILITY RIGHTS NEW MEXICO
NOTES TO AUDITED FINANCIAL STATEMENTS
For the Year Ended September 30, 2020

NOTE 1 - DESCRIPTION OF THE ORGANIZATION

Disability Rights New Mexico (the Organization), a nonprofit corporation, formerly known as Protection & Advocacy System, was incorporated under the laws of the State of New Mexico on September 17, 1979. The Organization's purpose is to improve the status, rights, and well-being of and services for individuals in New Mexico with developmental disabilities and other physical and/or mental disabilities. The Organization is supported primarily through federal grants, program service revenue, and other government grants and contracts.

Programs supported by these funding sources are as follows:

- *Information and Referral* - Provide information about legal rights of persons with disabilities and services to which they may be entitled and where those services may be obtained.
- *Client Advocacy* - Negotiate on behalf of individuals, or to support self-advocacy efforts, to resolve discrimination issues and violation of individual rights.
- *Group Advocacy* - Work to change policies, practices, regulations, and laws to improve and expand disability services or legal rights.
- *Training* - Provide workshops and presentations on legal rights issues and on how to obtain benefits and services. Handbooks and other materials are also available.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PROCEDURES

The financial statements of DRNM have been prepared on the accrual basis. Under the accrual method of accounting, revenues are recognized when earned rather than when received and expenses are recognized when the related liability is incurred rather than when paid. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

1) Classes of Net Assets:

DRNM is required to report information regarding its financial position and activities based on the existence or absence of restrictions imposed by donors or grantors. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets without donor restrictions

Net assets available for use in general operations and not subject to donor or grantor restrictions including, if applicable, net assets that have been designated by the Board of Directors for a particular purpose or project. The net assets without donor restrictions represent the investment in assets without donor restrictions and the investment in property and equipment, less accumulated depreciation and amortization.

Net assets with donor restrictions

Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions expire by passage of time or can be fulfilled and removed by actions of the organizations pursuant to those stipulations. Donor imposed restrictions are released

DISABILITY RIGHTS NEW MEXICO
NOTES TO AUDITED FINANCIAL STATEMENTS
For the Year Ended September 30, 2020

when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. DRNM held net assets with donor restrictions at September 30, 2020 in the form of stipulations that cannot be removed by the actions of DRNM. These restricted net assets totaled \$167,478 as of September 30, 2020.

2) Public Support:

DRNM primarily receives its revenue in the form of grants from federal and state entities. Contributions received are recorded as support with or without donor restrictions, depending on the existence and nature of any donor restrictions. Support that is not restricted by the donor is reported as an increase in net assets without donor restrictions. All other donor restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires (that is when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions. Donor restricted contributions whose restrictions are met in the same reporting period are recorded as unrestricted contributions.

Gifts of land, buildings, equipment and other long-lived assets are also reported as unrestricted revenue and net assets, unless subject to time restrictions or other donor stipulations. Absent explicit donor stipulations for the length of time long-lived assets must be held, expirations of restrictions resulting in reclassification of net assets with donor restrictions as unrestricted net assets are reported when the long-lived assets are placed in service.

Contribution income is recorded when cash is received or when ownership of donated assets is transferred. Expenses are recorded when incurred in accordance with the accrual basis of accounting.

3) Functional Expenses:

For the year ended September 30, 2020, the costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities and statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Program support costs are allocated to programs based on actual monthly salary allocations.

4) Fair Value of Measurements:

Fair Value Measurements – DRNM has adopted ASC 820-10 which provides a framework for measuring fair value under generally accepted accounting principles. ASC 820-10 applies to all financial instruments that are being measured and reported on a fair value basis.

As defined in ASC 820-10, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, DRNM uses various methods including market, income, and cost approaches. Based on these approaches, DRNM often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable,

DISABILITY RIGHTS NEW MEXICO
NOTES TO AUDITED FINANCIAL STATEMENTS
For the Year Ended September 30, 2020

market corroborated, or generally unobservable inputs. DRNM utilized valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques DRNM is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 – Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third-party pricing services for identical or similar assets or liabilities.

Level 3 – Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

Following is a description of valuation methodologies used for assets and liabilities recorded at fair value:

Cash and cash equivalents, money market accounts, receivables, accounts payable and accrued expenses – The carrying amount reported in the statement of financial position approximates fair value because of the short maturity of those instruments.

Investments in debt and equity securities – The fair value of investments in securities or mutual funds is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers. If listed prices or quotes are not available, fair value is based upon externally developed models that use unobservable inputs to the limited market activity of the instrument.

Fidelity Stock Selector All Cap	111,340	-	-	111,340
Total	\$ 711,637	-	-	711,637

5) Cash and Cash Equivalents:

For purposes of the statement of financial position and the statement of cash flows, cash and cash equivalents consist of cash and other highly liquid resources, such as investments in certificates of deposit and money market funds, with an original maturity of three months or less when purchased.

6) Investments:

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values based on quoted prices in active markets (all Level 1 measurements) in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by donors are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

7) Property & Equipment:

DRNM capitalizes all expenditures in excess of \$5,000 for property and equipment at cost. Contributed property and equipment is recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as donor-restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as support without donor restrictions. Routine repairs and maintenance are expensed as incurred.

NOTES TO AUDITED FINANCIAL STATEMENTS
For the Year Ended September 30, 2020

Depreciation is provided over the estimated useful lives of the respective assets on a straight-line basis as follows:

Type	Useful Lives
Land	Perpetuity
Buildings and improvements	20 - 40 years
Equipment	5 years

8) Impairment of Long-Lived Assets:

DRNM accounts for long-lived assets in accordance with the provisions of FASB ASC 360-10 and subsections. FASB ASC 360-10 requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or the fair value less costs to sell. Management does not believe impairment indicators are present as of September 30, 2020.

9) Income Taxes:

DRNM qualifies as a tax-exempt organization under the provisions of Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for federal or state income taxes has been included in the financial statements. However, any unrelated business income may be subject to taxation. Currently, DRNM has no obligation for any unrelated business income tax. The organization is still required to file an annual Form 990 information return to the Internal Revenue Service. DRNM is generally no longer subject to examination by federal and state taxing authorities for years prior to 2017.

For the years ended September 30, 2020 and 2019, no interest or penalties were recorded or included in the financial statements. DRNM has adopted the provisions of FASB ASC 740-10. Under ASC 740-10, an organization must recognize the tax benefit/liability associated with any uncertain tax positions taken by the organization when it is more likely than not the position will be sustained by review of the taxing authority. An analysis performed by management during the year ended September 30, 2020 of DRNM's tax positions revealed no positions that met the requirements for disclosure as identified by ASC 740-10.

10) Use of Estimates:

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

11) Comparative Financial Statements:

The financial statements include certain prior year summarized comparative information in total, but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with DRNM's financial statements for the year ended September 30, 2019 from which the summarized information was derived. Certain reclassifications have been made to the 2019 financial statement presentation to correspond to the current year's format. Net assets and changes in net assets are unchanged due to these reclassifications.

NOTE 3 – CASH AND CASH EQUIVALENTS

NOTE 10 – PENSION PLAN

During the year ended September 30, 2020, the Organization contributed 5 percent of eligible employees' gross salaries to a Simplified Employee Pension (SEP) plan. Employees are eligible for the SEP plan after 6 months of employment, and amounts contributed vest to the employee immediately. Retirement expense for the year ended September 30, 2020 was \$61,424.

NOTE 11 – LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

DRNM has \$1,487,460 of financial assets available within one year of the balance sheet date to meet cash needs for general expenditures consisting of cash of \$346,456, investments of \$644,379, and accounts receivable of \$211,304. None of the financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditures within one year of the balance sheet date. As part of DRNM's liquidity management, it has policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

NOTE 12 – CONCENTRATIONS

Government Grants and Contracts

The Organization is primarily supported by federal grants, making up 65 percent of all revenues and support during the fiscal year ended September 30, 2020. Management of the Organization expects these grants to continue into the foreseeable future. However, if a significant portion of these funds are reduced or not continued, the Organization's ability to continue all programs would be diminished.

NOTE 13 – CONTINGENCIES

During the normal course of operations, the Organization receives grant funds from various federal and state agencies. These grants are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. The amount of disallowed claims, if any, that may arise as a result of these audits is not believed to be material.

Periodically, the Organization is involved in litigation related to protecting and advocating for the rights of persons with disabilities, and the resolution of litigation can result in a financial settlement. Due to the uncertainty of the outcome, any settlements received by the Organization are recorded in the period when the settlement is finalized and the amount awarded is known. Expenses related to the litigation are recorded in the period in which the expenses are incurred.

NOTE 14 – RELATED PARTY

The Chief Executive Officer (CEO) of Disability Rights New Mexico is a statutory member of the New Mexico Developmental Disabilities Planning Council (DDPC), a State of New Mexico governmental entity with approximately 25 voting members. The DDPC administers funds provided under federal and state laws related to individuals with disabilities. During the year ended September 30, 2020, the DDPC provided \$95,711 in federal grant pass-through funds to the Organization. Per DDPC's policies, the Executive Director of Disability Rights New Mexico abstains from discussions and votes related to the potential ' awarding of funds from the DDPC to the Organization.

NOTE 15 – SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the balance sheet date but before the financial statements are issued. DRNM recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet, including the estimates inherent in the process of preparing the financial statements. DRNM's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the balance sheet but arose after the balance sheet date and before financial statements are available to be issued. The organization has evaluated subsequent events through January 19, 2021, which is the date the financial statements were available to be issued.

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Disability Rights New Mexico under programs of the federal government for the year ended September 30, 2020. The information in the Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*.

Because the Schedule presents only a selected portion of the operations of Disability Rights New Mexico, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Disability Rights New Mexico.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

2. Disability Rights New Mexico is not eligible to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance due to DRNM already having an approved 9.59% Indirect Cost Rate that it utilizes on its applicable grants.

3. DRNM has no federally funded insurance.

NOTE C - PAYMENTS TO SUBRECIPIENTS

Disability Rights New Mexico did not have any subrecipients during the year ended September 30, 2020.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Board of Directors of
Disability Rights New Mexico
Albuquerque, New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Disability Rights New Mexico (DRNM) (a nonprofit organization), which comprise the statement of financial position as of September 30, 2020, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 29, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered DRNM's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of DRNM's internal control. Accordingly, we do not express an opinion on the effectiveness of DRNM's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether DRNM's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

The Board of Directors of
Disability Rights New Mexico
Albuquerque, New Mexico

Report on Compliance for Each Major Federal Program

We have audited Disability Rights New Mexico's (DRNM) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of DRNM's major federal programs for the year ended September 30, 2020. DRNM's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of DRNM's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about DRNM's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of DRNM's compliance.

Opinion on Each Major Federal Program

In our opinion, Disability Rights New Mexico complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2020.

Report on Internal Control Over Compliance

Management of DRNM is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered DRNM's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of DRNM's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
